

Suggested wording from CS Challenge Trophy rules.

On any occasion when the Home Ground Authority considers that weather conditions have made the ground unfit for play, it must advise the Away Club (*maybe insert time limit?*). The Away Club then has the option of agreeing to the cancellation of the fixture or of travelling. If it decides to travel, both teams and *any appointed* Umpires must appear at the ground. In no event may the Home Club cancel the fixture without the agreement of the Away Club.
